Dear Parent/Carer

Architecture Mock Exam – New Exam Date Wednesday 8 December 2021

Your child's Architecture mock exam has been moved to Wednesday 8 December, and will take place in room:

EG04 from 8:50 – 2:50 (break and lunch will be as normal.)

Your child will be working independently for this exam aiming to bring their Social Hub design ideas to life using their model making skills. In preparation for this, they should make sure they have a list/selection of items and features that they intend to make. I will go through this with them in the lessons leading up to the mock exam.

For this exam they will have access to a wide selection of materials, tools, swatches and more that they can use to create their miniature models, all based on their previous design work.

If there are any specific items that your child will need for their project, we ask that they try and obtain those resources themselves, however, if all avenues have been exhausted, I will do my best to source the item/s through the department. Please be aware that I too may not have or be able to obtain specific items or materials.

Please do get in touch if you have any questions or requests.

Yours sincerely

Nathan Barlow
Teacher of Art & Design Technology
