13 December 2021

Dear Parent/Carer

We are delighted to tell you about a new maths homework and revision system we have put in place to support your child. HegartyMaths is an amazing website which gives video support for every question they attempt, to make sure that homework can be completed independently.

It also comes with some fantastic revision features to support your child with independent revision. We recommend your child(ren) use Hegarty if they have struggled with anything at school or if they want to do any extra revision on top of their homework.

What does my child need to complete this homework?

This homework can be completed on any device with an internet connection. They will need to write notes on the video and all their working out. They will be sent home with a book to do this.

How do they log in?

Logging in is really easy - simply choose the school name, then use your child's name and date of birth to log in. If your child is struggling to log in, please let their maths teacher know so they can check they are using the correct details.

How can I see what they are doing?

We would like to encourage you to log in with your child to see what they are doing. You can watch the videos with them to see what methods they should be using, and you can also view all of their past scores to see which areas they are struggling with.

How can I find out more about Hegartymaths?

Go to help.hegartymaths.com to find out more. We hope you love HegartyMaths as much as we do!

Homework and support

Homework will be set on a weekly basis which will support the progress of your child(ren). Students will have a session in lesson so show them different ways the website can be used.

**Year 7-9**

Homework will be set on a Wednesday and due in the following Wednesday (1 week). There is a session on after school if students require extra help that takes place on a Monday from 2:50 until 3:50. The best use of this session is for the students to try the work independently at home and if they are struggling to come to this session for additional support

Year 10/11

Homework will be set on a Monday and due in the following Monday (1 week). There is a drop-in session after school for students who would like extra help on a Thursday from 2:50 until 3:50 (year 11 maths block/ year 10 FF ILA). Students will be in the best position to get help if they arrive at the session with a list of the areas that they struggled with at home, so that staff are able to help with these specific areas.

If your child(ren) has any questions please direct them to their maths teacher in the first instance.

Thank you for your continued support.

Yours sincerely

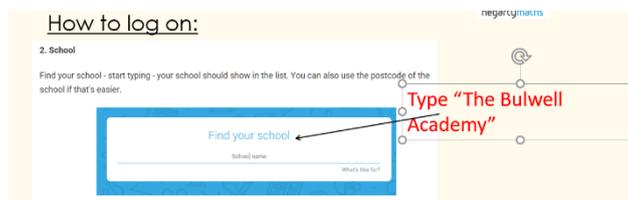

Mr Hayton and the Maths department

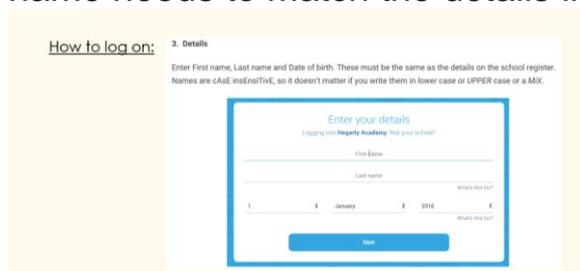

Logging into HEGARTY MATHS

STEP 1: Go onto the website <https://hegartymaths.com> Click student log in

STEP 2: Type “The Bulwell Academy”

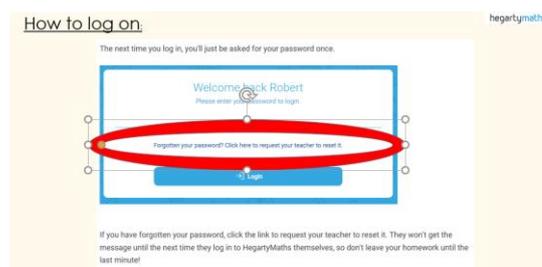

STEP 3: Enter first name, surname, and date of birth. Your name needs to match the details in the school register.

STEP 4a: If it is your first time logging in, choose a password.

STEP 4b: If you have forgotten your password, click Forgotten password

STEP 5: Search for any topics where it says “search”. If you have homework set it will come up as red on “my task”
