Dear Parent/Carer

I hope you and your family are well.

As you are aware your child has recently completed their first set of mocks and will be receiving their results, including their predicted grades in the first week back after Christmas. We are incredibly proud of the way they approached these exams, making use of the **study hub** and **revision materials** provided to them. The grades and feedback they will receive from their teachers will support them with targeted revision for their Summer GCSE's. These GCSE exams will be a defining point for your child's future, and we want to ensure that they have every possible opportunity to do their absolute best.

With this in mind, we have put in place several events to support your child in their upcoming GCSE's. Please see below for details of each strategy:

### **Strive for Success Evening**
